

“Step Up & Stride for Down syndrome” Charity Walk In commemoration of World Down Syndrome Day

Date: Saturday, 20th March 2010

Time: 9am ~ 2.30pm

Venue: Temasek Polytechnic

There is one day every year that we specially set aside time from our busy schedules to commemorate the special people around us and how they have enriched us with their presence by being a part of our lives. That day is World Down Syndrome Day.

Celebrated annually, Down Syndrome Association (Singapore) will be holding a charity walk this year on 20th March 2010.

We invite all members of Down Syndrome Association (Singapore), Voluntary Welfare Organisations who serve the Down syndrome community and the general public to join us in promoting the acceptance and inclusion of people with Down syndrome in our community through this event.

Come and walk with us and enjoy the Carnival after Walk. Your participation and support will help to encourage community involvement between the public and the Down syndrome community and increase understanding about Down syndrome.
